Re: **2/26/2013 Chapter Education Event**

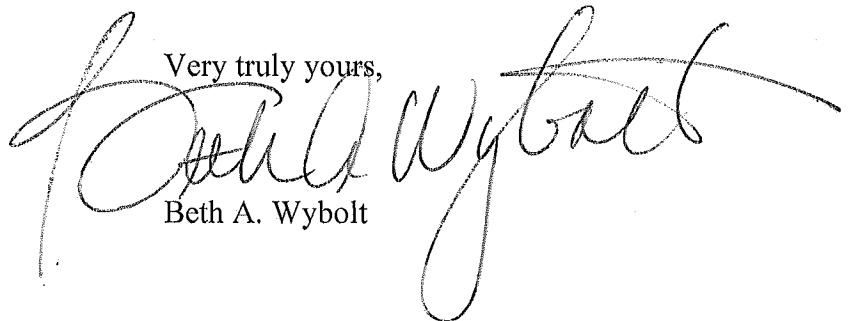

Dear Avish,

Thank you so much for your presentation this past week. The response was overwhelmingly positive as exhibited by the interaction and volunteerism of our members during your appearance.

The novel use of improv comedy coupled with helpful principles about behavior, focus, confidence, communication and control, were a welcome and enjoyable format for the lessons we all need to grasp. Your fun examples of how to incorporate change and flexibility provided a plan that almost anyone can adopt.

Kicking off our morning session with such an innovative program was just the shot of energy we needed. We'd recommend your program for other ALA chapters, law firms or businesses looking for an engaging presentation on topical issues for success.

Very truly yours,

Beth A. Wybolt
